### CAREER OBJECTIVE

Seeking to get a position as a SQA Engineer in a reputed company, where I can use my skills and knowledge to learn new things and work towards achieving company objectives. Looking for a position that synchronizes with the goal.

### EXPERIENCE

- 2018 - 2021: Sr. Executive, Planning & Engineering, Department of IT, E-Desh LTD.
- 2018 – 2018: Executive, Admin Support, SA Technologies

### PERSONAL WORK

- **Manual Testing:**
  - **OpenCart (Test case)**  
Link: <https://github.com/razahan/Manual-testing.git>
  - **MonarchMart (Test case)**  
Link: <https://github.com/razahan/Manual-Testing---Project.git>
- Project: **Registration form**  
Link: <https://razahan.github.io/Registration-Forms/>
- Workshop: **Object Detected Robot** (Apr,2016 – May,2016)  
Link: <https://github.com/razahan/Workshop-Let-s-Make-a-Robot-.git>
- Project: **Gesture controlled Laptops or computers** (Nov,2017 – Dec,2017)  
Recently Gesture controlled Laptops or computers are getting very famous. This technique is called Leap motion which enables us to control certain functions on our computer/Laptop by simply waving our hand in front of it.  
Link: <https://github.com/razahan/Project-Interface.git>
- Research: **Patient Care System** (May,2017 – Nov,2017)  
We created an approach called “Improve Patient care System” that takes large amounts of intensive-care-unit (ICU) data, from vitals and labs to notes and demographics, to determine what kind of treatments are need for different symptoms.

### TRAINING & DEVELOPMENT

- **Manual Software testing**, (Modules: 46) from SDET-QA Automation
- **Waterfall Model**, from Great Learning Academy
- **The Fundamental of Digital Marketing**, (Hours:40, Modules:26) from Google Digital Garage

### EXTRACURRICULAR ACTIVITIES

- Volunteer of arts and culture program (Southeast University) Dhaka
- Volunteer of Math Olympiad program (Southeast University) Dhaka
- Member of Blood donation program (Southeast University) Dhaka
